## Patented Diamond Sphere Grinding Cups

These are the new-patented diamond grinding cups. They are used in the grinding phase of sphere making. These are made with inserts of 60 grit diamond silver soldered to the steel tubing ring. They are drilled on the back to accept the ABS plastic backs that use a 3/4 inch pipe thread to screw onto the sphere machine. They come in 3 different sizes depending on the size of sphere you want to grind. These cups are a fast and clean way to make spheres compared to the old way of slurry mix of silicon carbide and water. You will be able to grind 4 to 5 spheres in the time it used to do.

The cleanup is quick and easy as all you have is grit from the stone being ground and not all the grit that used to be left behind. In the long run they are cheaper than silicon carbide, as you don't have to the cost of the silicon carbide. The unique parts of these are they are completely rebuilt able. They can be sent back to the factory and have new inserts soldered onto the old ring and if you strip the threads on the back they just unbolt with 3 10-32 bolts and you are back running. They are produced in 3 sizes and are packaged 3 to a set. If you have a 2 headed machine you can order them in sets of 2.

The 2 1/4" will do between 2 1/2 and 3 1/2 Sphere

The 3 1/4 will do between 3 1/2 and 4 1/2 Sphere

The 4" will do between 4 1/4 and 5 3/4 Sphere

**# GC80225 2 1/4 in. list price \$350.00 set + shipping**

**# GC80275 2 3/4 in. list price \$350.00 set + shipping**

**# GC80325 3 1/4 in. list price \$400.00 set + shipping**

**# GC80004 4 in. list price \$450.00 set + shipping**

## Sanding and Polishing Cones

	<p>These cones are made of ABS plastic and have a hook and loop fastening system. They have a 3/4-inch pipe threads in the back for fastening them to the sphere machine. They can be purchased separately or in a set. The set includes 3 of the polishing cones and 8 sets of the pads. The polishing pads are rein with diamond grit of various grits. They come in 9 different grits. 50, 100, 200, 300, 500, 800, 1,000, 3,000 and 10,000 grits. The 10,000 grit will put a final; polis on most materials including glass. The set does not have the 50 grit in them. They are used on material that is to soft for the grinding cups so you can use the 50 grit to make them round instead. Both the cones and the pads can be purchased 1 at a time or in sets. They come in 3 sizes.</p> <p>The 2 1/4" will do between 2 1/2 and 3 1/2 Sphere</p> <p>The 3 1/4 will do between 3 1/2 and 4 1/2 Sphere</p> <p>The 4" will do between 4 1/4 and 5 3/4 Sphere</p> <p>These are ABS plastic cones, which have Velcro, which attaches the diamond resin pads</p>

### Diamond coated drill bits

		<b>Drill Bits</b>		<p>These are quality drill bits and are used by professional bead makers. They come in 5 metric sizes and are great for drilling beads, pendants and small tumbled stones.</p>	
<b>1mm - Price: \$2.00 each + shipping</b>		<b>1.5mm - Price: \$2.00 each + shipping</b>		<b>2mm - Price: \$2.00 each + shipping</b>	
<b>3mm - Price: \$2.00 each + shipping</b>		<b>2.5mm - Price: \$2.00 each + shipping</b>		<b>Call about discounts off 100 or more.</b>	

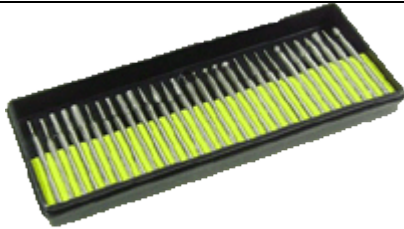

### 50 Piece Diamond Burr Set

These are high quality and there are 50 different sizes and several shapes of burrs in this set. These are for those looking into getting started or the professional carver who needs more shapes to get into those hard to get places. These have 1/8 in. shank and come in a handy plastic box.

# DB1050 - Price: \$25.00 each + shipping

### 30 Piece Diamond Burr Set

These are high quality pieces and have several sizes and shapes in a handy plastic box for easy storage. They have 1/8 in. shanks. They come in 3 different grits 80, 240 and 600. Make your carving a pleasure as all grits have one of each shape for those hard to get places. (Sets may vary from photo).

80 grit # DB1030-8 - Price: \$12.00 each + shipping

240 grit # DB1030-24 - Price: \$12.00 each + shipping

600 grit # DB1030-60 - Price: \$12.00 each + shipping

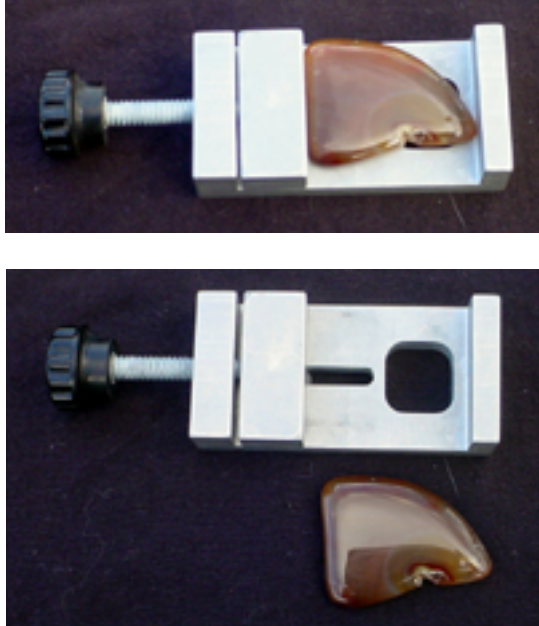

Just to show what can be made with the core drill and a diamond drill bits.

### Bead drill adaptor

<p>This adaptor will go over your core-drilled bead to give you a perfect hole in the center of the bead. You can turn it over and drill from the backside and hit the hole every time. Only in 4 sizes: 10mm, 13mm, 16mm and 19mm.</p>	
<b>10mm # BD10010 \$7.00 + shipping</b>	<b>13mm # BD10013 \$7.00 + shipping</b>
<b>16mm # BD10016 \$7.00 + shipping</b>	<b>19mm # BD10019 \$7.00 + shipping</b>
<b>Custom sizes upon request / Special sizes request price quote</b>	

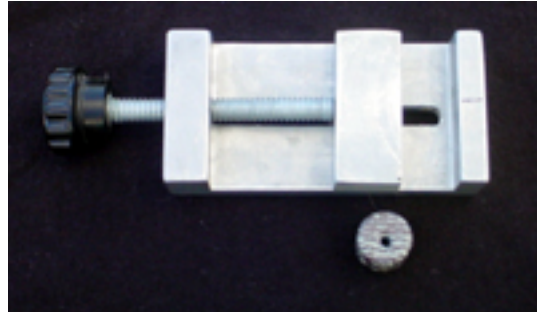

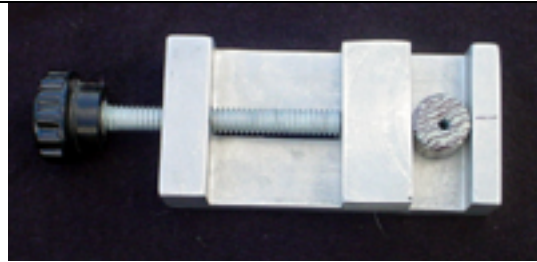

### The Cab Vise

	<p>The Cab Vise is great for holding larger rocks and cabs for drilling or carving. The larger hole makes it easier for drilling odd shapes. The vise is 1 1/2 X 3 in. and made of billet aluminum and will open to hold about 53mm.</p> <p style="text-align: center;"><b>Cab Vise - Price: \$24.00 each + shipping</b></p>
--	--

## The Bead Vise

The Bead Vise is great for holding the smallest beads for drilling. It has a long slot so the jaws will close tight. The vise is 1 1/2 X 3 in. and made of billet aluminum and will open to hold about 53mm.

**Bead Vise - Price: \$24.00 each + shipping**

### 6-Inch Diamond Saw Blade

	<p>6-inch diamond saw blade great for all types of stone, glass and tile. It has a 3/4-inch hole that can be bushed down to whatever size you need. It comes in two thicknesses: .070 and .098.</p>
<p># SB2006-70 - 6-inch diamond saw blade .070 thick list price \$18.00 + shipping</p>	<p># SB2006-98 - 6-inch diamond saw blade .098 thick list price \$18.00 + shipping</p>

### 4-Inch Diamond Saw Blade

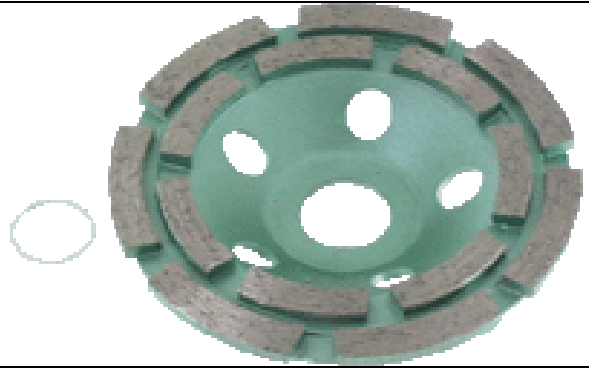

<p>4-inch diamond saw blade great for all types of stone, glass and tile. It has a 3/4-inch hole that can be bushed down to whatever size you need. It is .078 thick.</p>	
<p># SB2004 - 4-inch diamond saw blade .078 thick list price \$12.00 + shipping</p>	

### Double Row Grinder

	<p>Double row grinding wheel comes in 4 in. or 5 in. and it has 5/8 in. coarse thread for easy attachment to most 4 or 7inch angle head grinders. Diamond is 40/60 grit.</p>
<p># GW40004 - 4 in. double row grinder list price \$70.00 + shipping</p>	<p># GW50005 - 5 in. double row grinder list price \$85.00 + shipping</p>

## Double Row Grinder

Double row grinding wheel comes in 4 in. has straight through hole for use on grinders with a nut to hold in place.

# GW4404 - 4 in. double row grinder list price \$35.00 + shipping

## 1-inch Polishing Pad Set

1-inch diamond resin polish set. These sets have 8 different grits from 100 to 10,000 just like the 4-inch kits with a rubber backer and 1/8 inch mandrel. They are great for the small jobs that you don't want to use large equipment to get the job done.

# PP10001 - 1-inch Polishing Pad Set list price \$29.00 + shipping

## Backer Pad

The backer pads are made of rubber and have a Velcro front for holding the polish pads they have a 5/8 inch threaded hole and fit most 4 and 4 1/2 inch angle head air or electric grinders. They come in 3 sizes.

# BP20003 - 3 in. Rubber backer pad list price \$12.00 + shipping

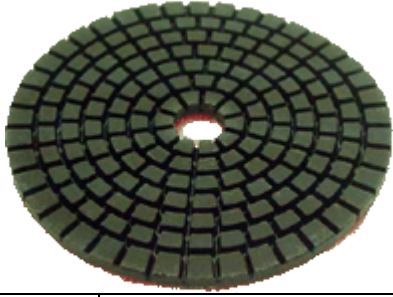

# BP20004 - 4 in. Rubber backer pad list price \$15.00 + shipping

# BP20005 - 5 in. Rubber backer pad list price \$18.00 + shipping

## Polish pad sets

			<p>These come with a rubber backer plate and 9 polishing pads. The pads are made with diamond in resin. They come in 50, 100, 200, 300, 500, 800, 1,000, 3,000 and 10,000 grit. They come in 3 sizes 3 in., 4 in. and 5 in.</p>
<p># PP30003 - 3 in Set list price \$95.00 + shipping</p>	<p># PP40004 - 4 in Set list price \$125.00 + shipping</p>	<p># PP50005 - 5 in Set list price \$150.00 + shipping</p>	

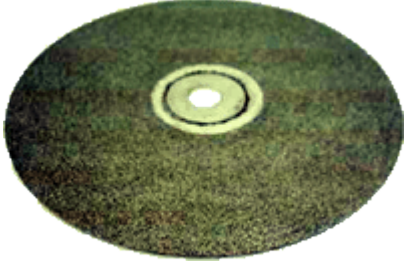

## Polishing Pad

<p>The polish pads are made of a resin with diamond in them with a Velcro back they also come in 3, 4 and 5 inch sizes and are in the following grits 50, 100, 200, 300, 500, 800, 1000, 3000, 10000 and a final pad of 15,000 grit</p>		
<p># PP10003 - 3 in per grit list price \$12.00 + shipping</p>	<p># PP10004 - 4 in per grit list price \$15.00 + shipping</p>	<p># PP10005 - 5 in per grit list price \$18.00 + shipping</p>

## Lap Adaptor

	<p>Lap adaptor for adapting 6 in. flat laps to a drill press or other chuck or collet type grinder that has a 1/4-inch capacity. These are only designed for light work and should not be used to replace a flat lap machine.</p>
<p># FL10010 - Lap adaptor list price \$35.00 + shipping</p>	

## Flat Lap

<p>The flat laps are made of metal and have a 1/2 inch hole and are plated with graded diamond. They come in 6 in. 8 in. and 12 in.</p> <p>The 6 inch come in 60, 80, 180, 240, 320, 400, 600, 800, 1000, 1200, 1500 and 2500 grit sizes</p> <p>The 8 inch come in 60, 80, 120, 180, 240, 320, 400, 600, 800, 1000, 1200 and 1500 grit sizes</p> <p>The 12 inch come in 890, 120, 180, 240, 320, 400 and 600 grit sizes</p>		
<p><b># FL60066 - 6 in flat laps per grit list price \$35.00 + shipping</b></p>	<p><b># FL80088 - 8 in flat laps per grit list price \$45.00 + shipping</b></p>	<p><b># FL12012 - 12 in flat laps per grit list price \$85.00 + shipping</b></p>

## Concave Wheel

	<p>This is a 4-inch concave grinding wheel it has a 7/8 in. hole and is 120 grit. These are great for the carver or cabber who wants to have an easy way to make a radius.</p>
<p><b># CC40004 - 4-inch concave grinding wheel list price \$65.00 + shipping</b></p>	

## Convex Wheel

<p>4-inch convex wheel. It is just like the one above except it has a 1/2 in. outward radius. It is also great for carver who wants an edge up on grinding curves.</p>	<h3 style="margin: 0;">Convex Wheel</h3>
<p><b># CV50004 - 4-inch convex grinding wheel list price \$65.00 + shipping</b></p>	

## Grinding Wheel

	<p>The diamond grinding wheels come in 6 and 8, inch and are both 1 1/2 inches wide. They have a metal outer rim and the center is of plastic.</p>
<p>The 6-inch come in the following grits 60, 80, 120, 180, 240, 320, 600, 1200 and 3000.</p>	<p>The 8-inch are 40, 60, 80, 120, 180, 220, 280, 360 and 400</p>
<p><b>GW60060 - 6 in - 60 grit list price \$95.00 + shipping</b></p>	<p><b>GW80040 - 8 in - 40 grit list price \$125.00 + shipping</b></p>
<p><b>GW60080 - 6 in - 80 grit list price \$95.00 + shipping</b></p>	<p><b>GW80060 - 8 in - 60 grit list price \$125.00 + shipping</b></p>
<p><b>GW600120 - 6 in - 120 grit list price \$95.00 + shipping</b></p>	<p><b>GW80080 - 8 in - 80 grit list price \$125.00 + shipping</b></p>
<p><b>GW600180 - 6 in - 180 grit list price \$95.00 + shipping</b></p>	<p><b>GW800120 - 8 in - 120 grit list price \$125.00 + shipping</b></p>
<p><b>GW600240 - 6 in - 240 grit list price \$95.00 + shipping</b></p>	<p><b>GW800180 - 8 in - 180 grit list price \$125.00 + shipping</b></p>
<p><b>GW600320 - 6 in - 320 grit list price \$95.00 + shipping</b></p>	<p><b>GW800220 - 8 in - 220 grit list price \$125.00 + shipping</b></p>
<p><b>GW600600 - 6 in - 600 grit list price \$95.00 + shipping</b></p>	<p><b>GW800280 - 8 in - 280 grit list price \$125.00 + shipping</b></p>
<p><b>GW6001200 - 6 in - 1200 grit list price \$95.00 + shipping</b></p>	<p><b>GW800360 - 8 in - 360 grit list price \$125.00 + shipping</b></p>
<p><b>GW6003000 - 6 in - 3000 grit list price \$95.00 + shipping</b></p>	<p><b>GW800400 - 8 in - 400 grit list price \$125.00 + shipping</b></p>

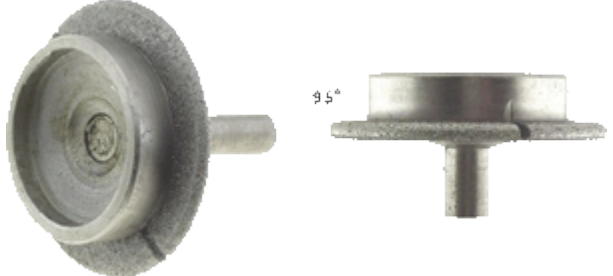

## Plastic Bushing

<p>Plastic bushing for grinding wheels and saw blades. They can be cut to any length. The sizes are 1 1/4 - 1, 1 - 3/4, 3/4 - 5/8, 5/8 - 1/2 and are 3/4 inch long.</p>		
<p><b>BU - 1 1/4 - 1 Bushing list price \$4.00 + shipping</b></p>	<p><b>BU - 1 - 3/4 Bushing list price \$4.00 + shipping</b></p>	<p><b>BU - 3/4 - 5/8 Bushing list price \$4.00 + shipping</b></p>
<p><b>BU - 5/8 - 1/2 Bushing list price \$4.00 + shipping</b></p>	<p><b>BU - 5/8 - 3/4 Bushing list price \$4.00 + shipping</b></p>	

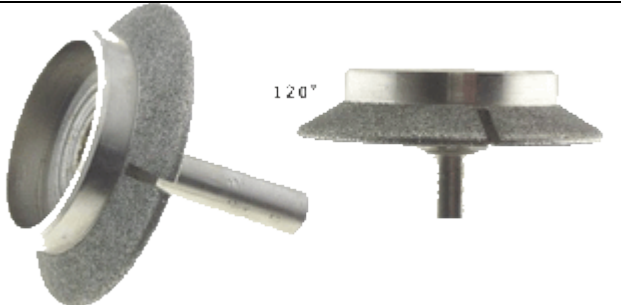

## Beveled Grinding Wheel

	<p>Beveled grinding wheel with 10mm shank and is 2 in. in diameter. It comes in 180 grit.</p>
<p><b># BV20002 - Beveled grinding wheel list price \$45.00 + shipping</b></p>	

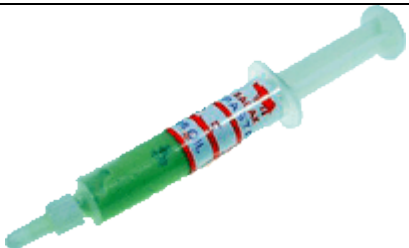

## 95° Beveled Grinding Wheel

<p>Beveled grinding wheel with a 95 degree bevel and a 10mm shank it is about 2-inches in diameter curves.</p>	
<p><b># BV30001 - 95° Beveled grinding wheel list price \$45.00 + shipping</b></p>	

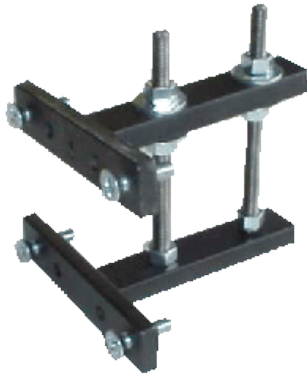

### 120° Beveled Grinding Wheel

	<p>Beveled grinding wheel with a 120 degree bevel and a 10mm shank it is about 2-inches in diameter. Like all diamond grinders these and all others must be used in water.</p>
<p><b># BV30002 - 120° Beveled grinding wheel list price \$45.00 + shipping</b></p>	

### Diamond Paste

<p>Diamond paste in a 5-gram syringe for easy application. Comes in several grits. 15,000, 10,000, 5,000, 3,000, 1,500, 800 and 400.</p>			
<p><b>DP10001 - 400 list price \$10.00 + shipping</b></p>	<p><b>DP10001 - 800 list price \$10.00 + shipping</b></p>	<p><b>DP10001 - 1,500 list price \$10.00 + shipping</b></p>	<p><b>DP10001 - 3,000 list price \$10.00 + shipping</b></p>
<p><b>DP10001 - 5,000 list price \$10.00 + shipping</b></p>	<p><b>DP10001 - 10,000 list price \$10.00 + shipping</b></p>	<p><b>DP10001 - 15,000 list price \$10.00 + shipping</b></p>	

## Slab Grabber

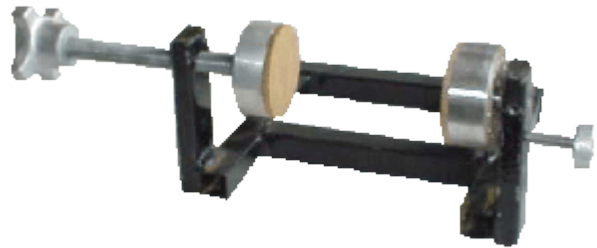

The slab grabber allows you to get the last slab out of any butt cut or small rock that you have or if you want to cut a thick slab in half by just centering it up and clamping it in the fixture. It will adjust to hold a rock that is up to 5 inches tall. It will pay for it self in just a few cuts of your favorite rock.

# SG10020 Price \$34.00 + shipping

## Indexing Head

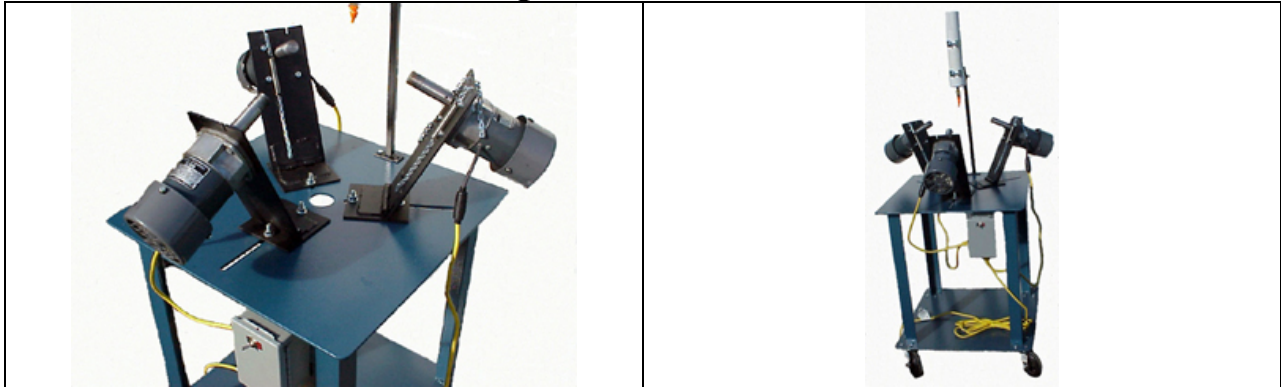

The index head is for cutting sphere blanks from rock or glass. It fits in most rock saw vises and will do a 5 in. sphere. It has an index wheel with 12 equal holes in it for a perfect blank when you finish. It will have 36 sides, which will take 28 cuts from a saw. After cutting it only takes a minor amount of grinding to get the blank ready to go in the grinding phase of making the sphere.

# IH50055 Price \$225.00 + shipping

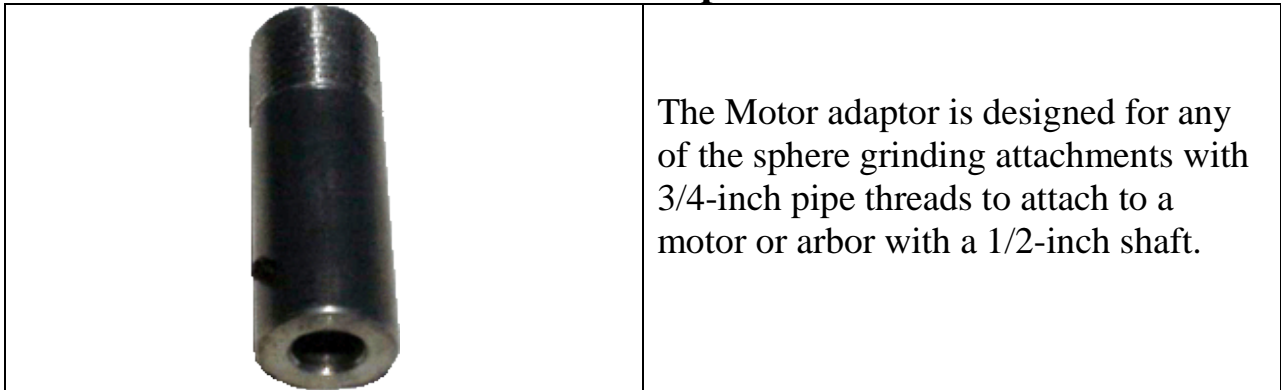

## Sphere Machine

List price is \$1,500.00 for the machine and the polishing pads and grinders are extra.

FOB Springfield, Oregon 97478

## Motor adaptor

The Motor adaptor is designed for any of the sphere grinding attachments with 3/4-inch pipe threads to attach to a motor or arbor with a 1/2-inch shaft.

# MA10011 Price: \$45.00 each + shipping

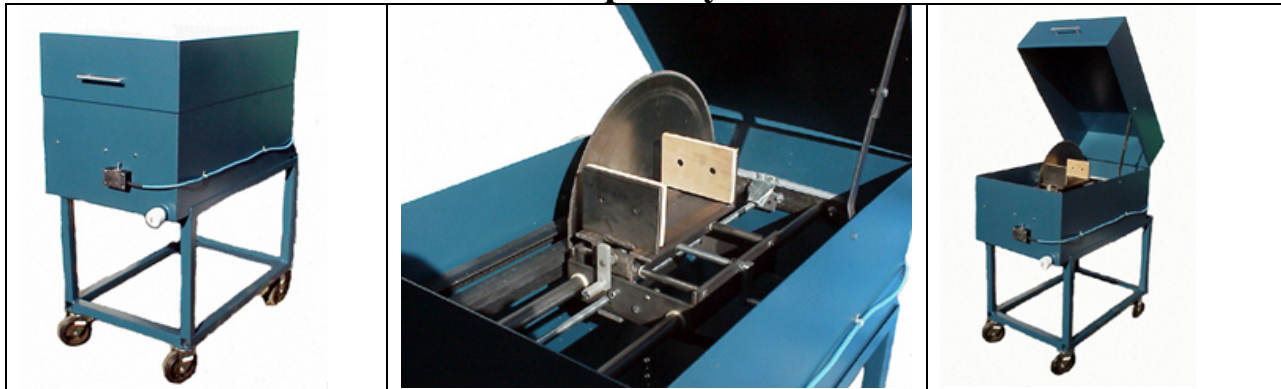

## Plastic Flexible Spout

This plastic flexible spout is 12 inches long and has a ball valve for easy control of fluids. It has a magnetic base that holds it firmly on any steel flat spot. Its brass inlet makes it easy to adapt any source of supply of liquids. It is designed to use with water or oils.

# WS1001 - Price: \$15.00 each + shipping

## 18" Lapidary Saw

Newly designed 18 in. diamond lapidary saw. The box is laser cut, tig welded and powder coated for a beautiful finish that will last throughout the years. All parts are cnc machined for a precision fit. It has a 1/2 HP motor. The feed is newly designed and will give you years of trouble free service. The saw can be bought by itself or with matching stand on 5 in. casters. It come complete with saw blade.

**Price for saw alone is \$2000.00 with stand \$2250.00 FOB Springfield, Oregon 97478**

## Diamond Saw Blades

Diamond saw blades for cutting hard materials such as jaspers, agates and petrified woods or soft material like tile or glass. They come in several sizes and have a 1 1/4 inch hole in them so measure your shaft and will supply the reducers to fit most any size shaft.

<b># SB60008 8 in. - Price: \$35.00 each + shipping</b>	<b># SB60010 10 in. - Price: \$45.00 each + shipping</b>	<b># SB60012 12 in. - Price: \$60.00 each + shipping</b>	<b># SB60014 14 in. - Price: \$80.00 each + shipping</b>
